Visitors and Registered Students Are Welcome!

♦ Weekly public lecture / panel discussion series presented by the US-Asia Technology Management Center
  http://asia.stanford.edu
  ♦ With financial support from Altus Technologies and Olympus Corporation

♦ This year’s theme: “Mobile Internet Businesses and Technologies in Asia”
  ♦ From infrastructure to applications
  ♦ Technology-business interface, with a touch of policy
  ♦ First, administrative items:
All students registering for course credit...

♦ EE-402A “Topics in International Technology Management”

♦ Credit requirements: see Syllabus

(1) On-site attendance at eight (8) of ten (10) sessions –

Today: fill out survey;

From next week: sign weekly sign-up sheet at auditorium

Requirement #1 waived for SCPD students

(2) Email comments on nine (9) of the ten (10) sessions

♦ Submit one comment per week by email within two weeks of the session
More about comments

♦ Comment length: ~60 words

♦ Should summarize all or part of the session content -- but it does not have to be completely comprehensive

♦ Your comment must include some indication that you actually listened to the session (not just general comment about topic or something you could get by looking at the slides online)

♦ To Prof. Dasher <rdasher at stanford dot edu>

♦ With cc to Tiphanie <gammontd at stanford dot edu> and to Siejen <siejeny at stanford dot edu>

♦ In-line text only: NO ATTACHMENTS
For today, 9/29
Everyone: students and visitors

♦ Please fill out survey form and leave with Tiphanie, Siejen, or me

♦ We want to hear from you!

♦ For students registering, the survey form is your on-site attendance record for 9/29/11

♦ In addition, you will need to submit your comment on the content of today’s lecture within two weeks
