

EE-402T Entrepreneurship in Asian High-Tech Industries
Spring 2010 Seminar Series

Japan Trends and Opportunities for Entrepreneurs in Energy and Cleantech

For many years, Japanese industries have held leading positions in solar cell, battery, and waste management technologies. Moreover, consumer markets in Japan have long been highly responsive to environmental concerns. Our panel discusses how this landscape is leading to a new generation of start-up companies in Japan

Mr. "Q" Motiwala
Investment Partner,
